The following three teams failed to complete the course:-

Preston Harriers & A.C.
Southern Navigators.
Karabiner Mountaineering Club.

This year there has been a record entry for the trial; the number of teams and individuals who actually started and completed the course was a record. Once again we experimented with an interval start and a number of other features were introduced. If you have any observations or suggestions which might improve future competitions I would be pleased to hear from you.

Many thanks for your support.

G. Charnley.
Hon. Secretary
